The Pinewood Sanitary District will for reasonable consideration (i.e., fees) clear snow from your driveway and ground access to your home.

We require at least 24 hour notice for requested services with calls accepted at our office Monday through Friday, 7am-4pm. We will take photographs of your driveway so that we can minimize collateral damage to utilities etc. in the snow plowing area.

We recommend the removal of any decorative lighting, lawn ornaments, or anything of value to you, the property owner, and prior to the use of our service.

We will not be responsible for damage to said items if they are not removed.

In the event that your driveway has been plowed by us as requested and another snowfall occurs before your arrival, our return to your property would constitute a new plowing event at additional cost.

Our rates are as follows:
